For some batches the college may start at 09:00am and for others at 10:00 am to avoid overcrowding during commutation.

**4. Teaching Learning Activities after reopening**

**Instruction Methodology:**

The Universities and Colleges are advised to follow blended learning system. The combination of conventional class room teaching and online teaching shall be implemented.

- At any given point of time, there shall be only 1/3<sup>rd</sup> strength on the college campus and in hostels. The students who are not permitted to the campus for conventional class room teaching shall be engaged through online teaching and learning methods until they get their turn to the college campus.
- Flipped mode of learning need to be practiced, a combination of both in person classroom teaching and learning at home.

The instruction shall be for a period of 10 days for 1/3<sup>rd</sup> of students, for 1<sup>st</sup>/2<sup>nd</sup>/3<sup>rd</sup> or 4<sup>th</sup> year of study as the case may be. Thus, the institutions have to run classes on the campus for 1/3<sup>rd</sup> of the programs at a given point of time and the class work shall be planned in such a way that COVID guidelines are followed with our any compromise. For example: Let us consider **B.Sc. Programme with Botany, Zoology & Chemistry**. For the first 10 days, only 1<sup>st</sup> year students shall attend the classroom instruction. 2<sup>nd</sup> and 3<sup>rd</sup> year students shall be engaged online. For the next 10 days, only 2<sup>nd</sup> year students shall attend the classroom instruction, 1<sup>st</sup> and 3<sup>rd</sup> year students shall be engaged online. Similarly, for the next 10 days, only 3<sup>rd</sup> year students shall attend the classroom instruction, 1<sup>st</sup> and 2<sup>nd</sup> year students shall be engaged online. The cycle shall be repeated after the first three 10-day duration of instruction is completed.

Even for a particular class, say, 1<sup>st</sup> year, the students shall be split into 3 or more groups and staggered timetable shall be followed. For one group if Botany is taught in the 1<sup>st</sup> period, for the second group Zoology is taught in the same 1<sup>st</sup> period and for the third group Chemistry is taught. For the 2<sup>nd</sup> period the subject taught shall be swapped. For the 2<sup>nd</sup> period, 1<sup>st</sup> group will be taught Zoology, second group will be taught Chemistry and Botany is taught for the third group. Similarly, language / Life Skill Courses / Skill Development Courses can follow a staggered timetable. (the institutions can select the programs to be offered on the campus at a given point of time).

- In this 10-day instruction, an over view of at least 2 or 3 units/1/3<sup>rd</sup> of the syllabus shall be given to the students.
- Students of a particular class can be divided into two sections and teachers can be drafted to teach both sections simultaneously, wherever feasible.
- The laboratory work also shall be completed simultaneously, giving due weightage.
- After completion of the 10 days of instruction, the students of the batch will leave the campus and the inmates need to vacate the hostels. Hostel accommodation shall be given to the students for the 10 working days only

and not for the full academic year. The next batch of students will take hostel admission for 10 days.

- Staggered timetable shall be worked out for different semesters. The respective Universities and colleges shall facilitate the instruction as per the available infrastructural facilities.
- After the end of the 10 days of instruction on campus, the students need to be given the entire learning content as lecture notes as well as the schedule to be followed for the next 20-days on a day-to-day basis.
- Students should be made to actively engage with the teaching-learning process even when they are at home, till they come for the next round of classes. The faculty presence should be ensured by way of Whatsapp groups or through asynchronous learning using google classroom or through video conferences using free software like zoom or jitsi or google meet etc.
- Assignments/Quizzes, etc, are to be administered through email for the students for the next 20 days and evaluation is to be done and communicated promptly. Assessment records shall be maintained.
- The detailed video / audio lectures shall be uploaded on the college website to facilitate learning while at home.
- Student attendance shall be recorded and monitored to satisfy 90 working days.
- The second 1/3<sup>rd</sup> of the students shall attend physical classes after the first 10-days of instruction is completed for the first 1/3<sup>rd</sup> batch of students and then followed by the last 1/3<sup>rd</sup> batch of students, until the syllabus is completed.
- Class Time-Tables need to be worked out accordingly.
- The same cycle shall be continued till the end of the semester.
- Social distancing and other health-and-safety precautions need to be followed.

- For Engineering, Pharmacy and Non-Professional UG Programmes, the revised curriculum with effect from 2020-21 shall be followed.
- **Separate guidelines will be issued for community service project for I year of Non-Profession UG programmes.**

#### **5. Revisiting the Hostel Accommodation:**

- Hostel accommodation shall be provided to the students wherever possible following COVID protocols.
- Only one-third of the accommodation may be filled.
- Single room accommodation needs to be provided to students as far as possible. No crowding shall be allowed at any point of time. Big common halls or common rooms or TV rooms also could be used for the purpose of accommodation.
- Hostel accommodation shall not be given for any inmate on a continual basis for the entire academic year. Inmates need to stay in hostels only when the instructional classes are conducted physically.
- **Usage of Common Areas:** Common areas such as washrooms will need to follow the washroom sanitization guidelines stated above. Other common areas within the student housing used for communal gathering will need to be suspended, and used on a need-only basis based on authorization of hostel warden.
- **Sanitization Procedure**  
Room provisions such as bed linen, and overall sanitization will need to have additional procedures in place. The rooms will have to be sanitized more periodically.
- **Emergency Protocol**  
An emergency protocol will have to be defined in case a student is found symptomatic or has tested positive for COVID-19, to ensure calm is maintained and necessary actions are taken to quarantine and test peers living in the same accommodation.

## **6. Hygiene and Sanitation:**

- i. Daily cleaning of the floors shall be taken up.

**Slow learners**

Students with varied degree of learning capabilities and diversified back ground get admission in the college. Therefore the level of challenge faced by them is also different. The college is empathetic to this aspect and takes maximum steps to optimize the learning outcomes of the students. In this direction the college has undertaken a proactive step of identifying slow learners and advanced learners.

Students who scored 40% or <40% marks in the university examinations are categorized as slow learners and those scored >70% are advanced learners.
